## About WHOLEPOWER

Wholepower Biotech Co., Ltd is a professional and leading manufacturer of diagnostic reagents, POCT and medical materials. It is located at TusPark - the key platform for Innovation and Technology Industrial Achievements of Tsinghua University.

Wholepower have two key technical platforms: immune technology platform and molecular technology platform. We have formed a complete product line covering qualitative screening and semi quantitative detection on the two product lines of immune colloidal gold and immunofluorescence respectively; At the same time, based on our molecular detection technology platform, we can produce real-time PCR detection reagents, covering more than 200 detection items in 9 categories, serving more than 70 hospitals and more than 100 dealers at home and abroad. Our products have international FDA registration, EU CE registration and China CFDA registration certificate, covering more than 70 countries and regions in Chinese mainland and overseas markets.

## Time-Resolved Immunofluorescence Quantitative Diagnostic Tests

The Time-Resolved Immunofluorescence Quantitative Analysis Platform brings our customers the extensive range of test items to choose from, we selling our own brands in China and we accept OEM/ODM business.

### Fertility Tests

b-HCG  
LH  
FSH  
Prog  
PRL

### Cardiac Marker Tests

BNP  
H-FABP  
CK-MB  
MYO  
CTNI  
NT-proBNP  
cTnI/NT-proBNP  
cTnI/CK-MB/MYO

### Coagulation Tests

D-Dimer

### Thyroid Hormone Tests

TSH  
T4  
T3

### Others

Vitamin D

### Infectious Disease Tests

SAA  
PCT  
CRP  
CRP/PCT

### Tumor Marker

CEA  
FPSA  
PSA  
AFP

### Diabetes & Renal Injury Tests

MAU  
B2-MG  
NGAL  
HbA1C  
Cys C

## Rapid Colloidal Gold Immunoassay Qualitative Diagnostic Tests

### PreCHEK®

The USA registered brands for our forensic use, workplace, pain management etc. Drug Abuse Tests range.

#### Drug of Abuse Tests

|                    |                    |
|--------------------|--------------------|
| Alcohol ALC        | Alcohol ALC        |
| Barbiturate BAR    | Amphetamine AMP    |
| Benzodiazepine BZO | Acetaminophen ACE  |

## Professional Use Monitoring Series

### Supporting the Use of TR-FIA Reagents

Our own developed TR-FIA reader system patents are granted, we own our own know-how and design patent. We produce for our own WHOLEPOWER branded TR-FIA system and we also accept OEM / ODM / Technology Transfer Cooperation.

The TR-FIA reader system can be used for the wide range use of quantitative tests, especially for the items require the short TAT. We can make the totally new design, function adding, internet connection, HIS/LIS system connection tools are available. We helping our users to achieve: "Move information, NOT people." based on our strong capability in communication module.

We own 100% the mold factory and can offer the quick and efficient products realization once the main specification are confirmed.

**OEM / ODM / Technology Transfer**

## Personal Use Self Test Reader Series

### Supporting the Use of RDT Reagents

The digital image analyzer technology are patented with our unique technology and design, we are willing to offer OEM service to domestic and overseas customers for the brands with good reputation.

This reader platform can be used for below test items:

- HCG Pregnancy Tests
- LH Ovulation Tests
- FSH Tests
- HIV Self-Testing with finger blood
- Sexual Transfer Disease Test
- Sperm Test

**OEM / ODM / Technology Transfer**

## Professional Use Monitoring Series

### Supporting the Use of RDT Reagents

The digital image analyzer technology are patented with our unique technology and design, we are willing to offer OEM service to domestic and overseas customers for the brands with good reputation.

**This reader platform can be used for below test items:**

- Drug Abuse Tests
- Tumor Marker Tests
- Cardiac Vascular Tests

**Can be fit in:**

- Doctor's office
- Emergency Department
- Aviation Security Office
- Reference Labs
- Jails
- Forensic Office

**OEM / ODM / Technology Transfer**

## Rapid Colloidal Gold Immunoassay Qualitative Diagnostic Tests

### Fertility Tests

| Test Items               | Catalog No. | Format    | Specimen    | Sensitivity             | Certificate                   |
|--------------------------|-------------|-----------|-------------|-------------------------|-------------------------------|

## Time - Resolved Immunofluorescence Quantitative Diagnostic Tests

### Fertility Tests

| Test Items    | Catalog No. | Specimen                 | Measuring Range   | Reaction Time | Certificate |
|---------------|-------------|--------------------------|-------------------|---------------|-------------|
| $\beta$ - hCG | WP6014C     | Whole blood/Serum/Plasma | 2 - 200000 mIU/mL | 15 min        | CE          |
| LH            | WP6024C     | Whole blood/Serum/Plasma | 1 - 100 mIU/mL    | 15 min        | CE          |
| FSH           | WP6034C     | Whole blood/Serum/Plasma | 1 - 100 mIU/mL    | 15 min        | CE          |
| Prog          | WP6044C     | Whole blood/Serum/Plasma | 1.5 - 60 ng/mL    | 15 min        | CE          |
| PRL           | WP6054C     | Whole blood/Serum/Plasma | 1 - 200 ng/mL     | 15 min        | CE          |

### Infectious Diseases Tests

| Test Items | Catalog No. | Specimen                 | Measuring Range                              | Reaction Time | Certificate |
|------------|-------------|--------------------------|----------------------------------------------|---------------|-------------|
| SAA        | WP6064C     | Whole blood/Serum/Plasma | 1.0 - 300 mg/L                               | 15 min        | CE          |
| PCT        | WP6074C     | Whole blood/Serum/Plasma | 0.1 - 100 ng/mL                              | 15 min        | CE          |
| CRP        | WP6084C     | Whole blood/Serum/Plasma | 0.5 - 200 mg/mL                              | 15 min        | CE          |
| CRP/PCT    | WP6094C     | Whole blood/Serum/Plasma | CRP: 0.5 - 150 mg/mL<br>PCT: 0.1 - 100 ng/mL | 15 min        | CE          |

### Tumor Marker Tests

| Test Items | Catalog No. | Specimen                 | Measuring Range | Reaction Time | Certificate |
|------------|-------------|--------------------------|-----------------|---------------|-------------|
| CEA        | WP6104C     | Whole blood/Serum/Plasma | 1 - 500 ng/mL   | 15 min        | CE          |
| FP5A       | WP6114C     | Whole blood/Serum/Plasma | 0.2 - 30 ng/mL  | 15 min        | CE          |
| PSA        | WP6124C     | Whole blood/Serum/Plasma | 2 - 100 ng/mL   | 15 min        | CE          |
| AFP        | WP6134C     | Whole blood/Serum/Plasma | 5 - 400 ng/mL   | 15 min        | CE          |

## Cardiac Marker Tests

| Test Items       | Catalog No. | Specimen                 | Measuring Range  | Reaction Time | Certificate |
|------------------|-------------|--------------------------|------------------|---------------|-------------|
| BNP              | WP6144C     | Whole blood/Serum/Plasma | 5 - 5000 pg/mL   | 15 min        | CE          |
| H - FABP         | WP6154C     | Whole blood/Serum/Plasma | 1 - 120 ng/mL    | 15 min        | CE          |
| CK - MB          | WP6164C     | Whole blood/Serum/Plasma | 0.3 - 100 ng/mL  | 15 min        | CE          |
| MYO              | WP6174C     | Whole blood/Serum/Plasma | 2.0 - 400 ng/mL  | 15 min        | CE          |
| cTnI             | WP6184C     | Whole blood/Serum/Plasma | 0.1 - 50 ng/mL   | 15 min        | CE          |
| NT - proBNP      | WP6194C     | Whole blood/Serum/Plasma | 18 - 35000 pg/mL | 15 min        | CE          |
| cTnI/NT - proBNP | WP6204C     | Whole blood/Serum/Plasma | /                | 15 min        | CE          |
| cTnI/CK - MB/MYO | WP6214C     | Whole blood/Serum/Plasma | /                | 15 min        | CE          |

## Diabetes & Renal Injury Tests

| Test Items | Catalog No. | Specimen                 | Measuring Range | Reaction Time | Certificate |
|------------|-------------|--------------------------|-----------------|---------------|-------------|
| MAU        | WP6221C     | Urine                    | 5 - 300 mg/L    | 3 min         | CE          |
| β2 - MG    | WP6234C     | Whole blood/Serum/Plasma | 0.3 - 20 mg/L   | 10 min        | CE          |
| NGAL       | WP6241C     | Urine                    | 10 - 1500 ng/mL | 15 min        | CE          |
| HbA1c      | WP6257C     | Whole blood              | 4.0 - 14.5%     | 5 min         | CE          |
| Cys C      | WP6264C     | Whole blood/Serum/Plasma | 0.2 - 10 mg/L   | 5 min         | CE          |

## Coagulation Tests

| Test Items | Catalog No. | Specimen           | Measuring Range | Reaction Time | Certificate |
|------------|-------------|--------------------|-----------------|---------------|-------------|
| D - Dimer  | WP6274C     | Whole blood/Plasma | 0.1 - 10 mg/L   | 5 min         | CE          |

## Thyroid Hormone Tests

| Test Items | Catalog No. | Specimen                 | Measuring Range    | Reaction Time | Certificate |
|------------|-------------|--------------------------|--------------------|---------------|-------------|
| TSH        | WP6284C     | Whole blood/Serum/Plasma | 0.1 - 100 mIU/L    | 15 min        | CE          |
| T4         | WP6294C     | Whole blood/Serum/Plasma | 12.87 - 300 nmol/L | 15 min        | CE          |
| T3         | WP6304C     | Whole blood/Serum/Plasma | 0.61 - 9.22 nmol/L | 15 min        | CE          |

## Vitamin Tests

| Test Items | Catalog No. | Specimen     | Measuring Range | Reaction Time | Certificate |
|------------|-------------|--------------|-----------------|---------------|-------------|
| Vitamin D  | WP6312C     | Serum/Plasma | 5 - 100 ng/mL   | 15 min        | CE          |

## Veterinary Tests

| Test Items | Catalog No. | Specimen     | Measuring Range  | Reaction Time | Certificate |
|------------|-------------|--------------|------------------|---------------|-------------|
| Cortisol   | WPV0014C    | Serum/Plasma | 10 - 1000 nmol/L | 15 min        | CE          |
| T4         | WPV0024C    | Serum/Plasma | 8 - 100 nmol/L   | 15 min        | CE          |
| TSH        | WPV0034C    | Serum/Plasma | 0.1 - 100 mIU/L  | 15 min        | CE          |
| Prog       | WPV0044C    | Serum/Plasma | 1 - 50 ng/mL     | 15 min        | CE          |
| CRP        | WPV0054C    | Serum/Plasma | 2 - 250 mg/L     | 3 min         | CE          |
| SAA        | WPV0064C    | Serum/Plasma | 5 - 300 mg/L     | 15 min        | CE          |
| D - Dimer  | WPV0074C    | Serum/Plasma | 50 - 10000 ng/mL | 5 min         | CE          |
| HbA1c      | WPV0084C    | Plasma       | 4 - 14.5%        | 5 min         | CE          |

Not Only Sell Products, We Offer Solutions.

We offer the reagents and digital equipment solutions to more than 70 partners worldwide. Including the products design, products develop, products upgrade, technology transfer (including technical files and ISO13485 system files)

We sell to North America, Europe Union, Russia, Africa and South East Asia as our main market.

We noticed the keep changing market needs and we established our own  
purchase-on-line business platform:
